## 5. THURSTON NEIGHBOURHOOD DEVELOPMENT PLAN

- a) To receive an update on the site assessments for each site along with the responses from statutory consultees.
- i. Andrea Long, of Compass Point Planning and Rural Consultants, presented the site assessment summary, including preliminary traffic light ratings, and noted that most sites, particularly those in the west and around Barton Road, are unlikely to be suitable for housing development. There are no sites in Thurston without constraints, and any that were previously unconstrained have already been developed or allocated. It was confirmed that there is currently no identified requirement for additional land or housing in Thurston, although members should remain mindful of the Local Government Reorganisation in 2028, when the parish will transfer to West Suffolk. There may also be an opportunity to combine future consultations with other engagement activities.
- b) To receive a summary of the meeting on 15 April 2026 to commence discussions over future sport and leisure facilities in the village of Thurston with interested stakeholders.
- i. Chair shared that the meeting was a useful opportunity to have various stakeholders that have a vested interest of venues in the village, including Mid Suffolk Council, to gauge initial interest and intentions for the Neighbourhood Plan Document and how these could be taken forward. Chair also covered that work on a specification for an independent advisor for recreation and leisure is in progress and will be discussed formally prior to going to tender. All were supportive of a full consultation exercise to gauge local views. This will allow the Parish Council to ensure that planning follows a balanced approach. It was noted that not all attendees were from Thurston, but there is still demand for facilities in the village that are not available locally or in Bury St Edmunds. The Chair stressed the importance of sharing site assessments alongside future public consultations, for example on sports and housing land proposals, to understand local views. The meeting discussed holding a short-term consultation to gather feedback from a wider range of groups, not just those present, along with research into what the available land can provide and how expectations can be managed. This is subject to approval by full council. The Chair also raised concerns about the future of Thurston Community College plans and how it's uncertain whether they will gel with the NPD. Mr Fawcett said the situation appeared urgent, as work may be taking place in the background and planning applications could come forward before the new Neighbourhood Plan is in place. He said the appointment of an independent adviser for recreation and leisure should be progressed so that infrastructure can be prioritised ahead of future housing schemes.
- c) To receive a summary of 14 May 2026's meeting with Andrea Long from Compass Point Planning and Rural Consultants.
- i. It was covered that the meeting discussed the potential of a consultant and proposed tasks they'd need to do, the meeting also covered some of the background history
- d) To receive anonymised site assessment feedback submitted via resident engagement
- i. Andrea said the two pieces of feedback shared following the CTA in the recent village newsletter were valuable local and historic insights that an NDP

consultant may not otherwise have. This is the type of engagement the council is looking to encourage. Andrea will incorporate this into the consultation.

- ii. Councillors were also asked to complete their character assessments and share them ahead of the next meeting for reference, using photographs where possible. Housing, infrastructure and other relevant features should be clearly documented.

## 6. PUBLIC FORUM

At the direction of the Chair, matters will either be responded to or deferred for further discussion and/or debate.

- a) To receive comments from members of the public on the agenda submitted
  - i. A member of the public supported the need for public consultation as soon as possible, particularly in relation to recreation and housing, and asked that the Parish Council share next steps with stakeholders at the sports and recreation meeting. The Chair requested this be deferred for further investigation

## 7. EAST WEST RAILWAY COMPANY

- a) Note the East West Rail public consultation (deadline 9 June)
  - i. There was a discussion on the future of the Cambridge to Oxford route and its potential impact on Ely junction, as well as Thurston's transport links, including possible implications for train usage and passenger safety.
- b) Agree whether to recommend at the next Parish Council meeting (3 June) that the Parish Council provides a response to the consultation
  - i. The Chair recommended that the Parish Council submit its own feedback and a recommendation to full council to ensure all issues are addressed, including the safety of passengers at the crossing.

## 8. TELECOMS DEVELOPMENT WORKS

- a) To receive and review details of Cornerstone's recommendations of proposed base station upgrade at Thurston New Green
  - i. The Committee agreed that no action was required
